

OT-AF-35B-DIGITAL

- Airfryer -

The Ozeanos airfryer produces crispy foods and snacks with less or no fat than with conventional fryers due to its rapid air circulation technology.

With its capacity of up to 3,5 l you can serve dishes for two to three people quickly and easily!

The appliance can be operated by the user-friendly LED display with touchscreen on top of the airfryer.

All removable parts are dishwasher-safe. An annoying disposal of large quantities of old fat is completely unnecessary compared to conventional fryers.

Furthermore, the airfryer has numerous features like a timer function and a quick select function for eight different foods, e.g. French fries, poultry, meat and vegetables.

Live healthier with Ozeanos!

Technical specification - OT-AF-35B-DIGITAL
